

Gheeraert – Warehouse Coördinator Night @ Sint-Niklaas Copy Copy Copy Copy Copy Copy Copy Copy

What does your job as an Night Warehouse Coördinator involve?

Do you share our passion for customer-focused transport and enjoy variety in your job?

As a warehouse worker, you enjoy being an important link in the goods chain.

This involves thoroughly checking and preparing goods, always using well-maintained equipment.

Are you an entrepreneurial type who likes to roll up their sleeves and get stuck in?

Do you enjoy working night shifts from 10 p.m. to 6 a.m.? Then we would like to get to know you!

You are a busy bee: Together with your colleagues, you load goods in and out of trucks using the electric pallet truck.

You ensure the goods are handled correctly, check pallets and labeling, and scan them into the WMS system. You check that all goods are in good condition and report any damage.

You like a tidy and orderly warehouse.

You like a family atmosphere: saying 'good night', helping each other and being committed to your work. You are helpful, straightforward and respectful. You take care of the goods and equipment.

How can you interpretate your job?

You may have the necessary experience with electric pallet trucks in the logistics sector.

You know how to scan goods and interpret the data correctly.

Working at night is your thing.

You are good with your hands and enjoy manual and physical work, ensuring that goods are loaded and unloaded safely and accurately.

Experience with cross docking is a plus.

What does Gheeraert offer you?

Family atmosphere with opportunities for advancement

Punctual and competitive salary with €6 meal vouchers, eco vouchers, ... and the occasional coffee to keep you warm :-)

Your fellow warehouse worker will personally guide you during your first few weeks

Team activities, such as BBQs, food trucks, New Year's reception, and team building.

Shall we embark on this journey together?
